Dear Bev and Lizz,

RE: Barry Plant Professional Women in Real Estate

Thank you for presenting your "Detecting Lies in Business and Communications" workshop to our women's network on Thursday 10th April 2008 at the Kooyong Lawn Tennis Club.

Given this is the second time you have presented to our ladies network, I am more than confident in attributing our great numbers for this function to your popularity from your first presentation as well as the fun and interesting way in which you present.

Once again we had extremely positive feedback following the function and I know the ladies found the content of the workshop very beneficial. The skills learned and tips provided will no doubt be extremely beneficial when recruiting new staff and conversing with clients and colleagues in the future.

I have little doubt that the topic would have been a talking point around the Barry Plant network following the event, and the skills mentioned above will be put to good use in both their professional and personal lives.

The skilled and precise way in which you conducted the workshop was second to none, and we look forward to holding more training sessions in the future. I would have no hesitation in recommending your programs and services to other companies.

Thank you once again and I look forward to speaking with you in the future.

Kind regards,

Sue Thomas
Event Coordinator
