Dear Lizz,

Just a quick note to say thanks for the series of Perceptive Interviewing Skills courses you have arranged for us. We have over 30 people who have been through the course and the feedback has been uniformly excellent.

The core of our research engine is the daily interaction we have with investment managers globally. Both formal and informal interactions are important to us, and developing the skills to sift fact from fiction, and to identify non-spoken communication is central to the role of our consultants.

The course also lends itself to improving the communication skills necessary when 'selling' our advice to Boards and Investment Committees.

I have found 'Perceptive Interviewing Skills' a compelling opportunity to raise the standard across the firm. I look forward to working with TGI in the future.

Yours sincerely
