Dear Lizz

I wish to thank you and your team for the “Perceptive Interview” training courses you have conducted for clients of JPMorgan Australia.

Of the many clients that we have run the course for, all the feedback has been extremely positive on the course content, the professionalism of the presenters and the way in which the course was conducted.

Additionally, a lot of our staff attended this course together with our clients. Not only did it give them the opportunity to spend a whole day in a relaxed atmosphere with their clients but they were also very complimentary of what they gained from the course. One of the main points was the ability to ask questions and understand the body language of corporates they analyse on a day to day basis and many commented that they would now structure their interviews differently.

We continue to promote this course to other clients of JPMorgan and look forward to working with you again in the future.

Thanks again for all your assistance.

Regards
